ACCESSIBILITY • ELEVATING • EQUIPMENT • CONSTRUCTION • CARE

By way of introduction, here is a quick synopsis of who we are and what we do. We are a full service accessibility and general construction company. Our first goal is to ensure that we help as many people transform their home environment to suit their needs, whether due to a change in physical circumstances or just as an upgrade. We have over 20 years of combined experience in the construction and accessibility field.

Accessibility & Home Modifications Department

- Bathroom modifications including roll-in showers and walk-in tubs, as well as roll-under vanities, tilt mirrors, safety grab bars and all other safety equipment
- Kitchen modifications including roll-under sinks, adjustable shelving, countertop cooking
- Ramping: concrete, wood, or modular aluminum
- Automatic Door Operators

Elevating Department

- Stair Lifts including straight and curved
- Vertical Platform Lifts (also known as Porch Lifts)
- Ceiling Lifts
- Elevators

Mobility & Daily Living Equipment Department

- Mobility equipment including walkers, rollators, wheelchairs (manual and power), etc.
- Bedroom equipment including adjustable beds, bed rails, support poles, etc.

YOUR TRUE KEY TO INDEPENDENCE

Construction Department

- Basement finishing
- Kitchen renovation
- Flooring replacement (hardwood or vinyl plank)
- Deck building (or replacement)
- Fully Licensed Electrician (ESA) on Staff

We are registered with FSCO / FSRA, HCAI, Veteran's Affairs VIP Program, March of Dimes, as well as various other insurance companies, personal injury lawyers, and rehab companies. By checking all sources of funding, we can discover if you are eligible to have your project paid for by the government, therefore reducing your costs. Our team is dedicated to ensuring that every client has the best experience possible. Every project is done collaboratively so the client can choose what works with their sense of style.

We look forward to working with your family!
